

LASIKA KODAGODA

With 8 years of experience as an IT lecturer, I excel in designing dynamic, hands-on curricula across key domains such as Computer Networking, Computer Hardware and Operating Systems, Graphic Design and Animation, and Information Systems Management. My teaching approach emphasizes interactivity, fostering critical thinking and practical application while addressing diverse learning needs.

Passionate about staying at the forefront of technological and educational advancements, I actively pursue professional development and engage in academic research. Driven by a commitment to student success, I strive to inspire and prepare aspiring IT professionals to thrive in a rapidly evolving field.

- **Efective Date** - 2014.05.01

Experience

Lecturer [IT]

September 2022- Present

Nagananda International Institute for Buddhist Studies

I am responsible for delivering comprehensive educational experiences, covering various IT subjects and I employ diverse teaching methodologies to engage students and provide personalized guidance to support their academic growth and stay updated on industry trends, contributing to curriculum development and ensuring the relevance of IT education.

BSc IT Degree Course Coordinator

September 2023- Present

Nagananda International Institute for Buddhist Studies

As a BSc IT Degree Course Coordinator, I am responsible for the effective management, delivery, and continuous improvement of the BSc in Information Technology program. My role involves academic planning, faculty coordination, and providing comprehensive support to students while ensuring compliance with institutional and accreditation standards.

Instructor [IT]

2018-2022

University of the Visual & Performing Arts

I guided students through their IT learning journey by creating and delivering instructional materials across various subjects. Employing diverse teaching methods, including interactive lectures and hands-on labs, I ensured active engagement and understanding and I provided personalized support and feedback to nurture students' academic growth. Staying updated with industry trends, I integrated relevant insights into the curriculum, contributing to a comprehensive educational experience. Collaborating with undergraduates, I developed curricula aligned with industry standards to empower students for success in the dynamic IT field.

Demonstrator [IT]

2015-2016 | 2017-2018

University of the Visual & Performing Arts |
Uwa Wellassa University

I supported the educational process by facilitating practical applications of theoretical IT concepts. This involved coordinating lab sessions and hands-on activities across various IT subjects, including programming and cybersecurity. I was responsible for equipment setup, troubleshooting, and guiding students to enhance their skills and I collaborated with instructors to refine lab assignments, ensuring alignment with course objectives and fostering active learning in a conducive environment.

EXPERTISE

- Graphic Designing & Animation.
- Computer Hardware & Operating Systems.
- Information System Management.
- Computer Network Technologies & Administration

SOFT SKILLS

- Effective Communication
- Team Collaboration
- Time Management
- Adaptability
- Leadership
- Problem-Solving
- Critical Thinking

LANGUAGE

- English
- Sinhala

RESEARCH & PUBLICATION

- The Impact of Social Media on Students' Academic Performance – A case Study.
- Study on the Demand for Degrees in Bachelor of Science (BSc.) Honours in Information Technology, Sri Lanka.
- Development of an Etymological Analysis Tool for Sinhala Language.
- Development of an English-to-Sinhala Lexical Conversion and Localization Tool.

EXTRA CURRICULAR

- Layout designer for the Newsletter in University of Uva wellassa University.
- Successful achievement in the fields of communication, oratory skills, dancing, and creative writing at national level.
